Advisory on CORONAVIRUS

THE AVVASHYA GROUP

STAY AWARE, STAY SAFE

Dear Colleagues,

With the outbreak and spread of the coronavirus around the world, we are currently in a situation where it's important to be safe and cautious.

Please adhere to this advisory issued by the World Health Organization (WHO) and avoid unnecessary rumors and panic.

NOVEL CORONAVIRUS ADVICE FOR THE PUBLIC

WHO's standard recommendations for the general public to reduce exposure to and transmission of a range of illnesses are as follows, which include hand and respiratory hygiene, and safe food practices:

- Frequently clean hands by using alcohol-based hand rub or soap and water;
- When coughing and sneezing cover mouth and nose with flexed elbow or tissue – throw tissue away immediately and wash hands;
- Avoid close contact with anyone who has fever and cough;
- If you have fever, cough and difficulty breathing seek medical care early and share previous travel history with your health care provider;
- When visiting live markets in areas currently experiencing cases of novel coronavirus, avoid direct unprotected contact with live animals and surfaces in contact with animals;
- The consumption of raw or undercooked animal products should be avoided. Raw meat, milk or animal organs should be handled with care, to avoid cross-contamination with uncooked foods, as per good food safety practices.

Dear Partners,

HCL Logistics N.V. is pleased to announce that- Takelog Logística de Comércio Exterior—Brazil has recently succeeded in joining our alliance.

Join us welcoming our new partner and take a moment to introduce your esteemed company as well.

Dear HCL Partner,

We are very honored to become a member of the HCL network.

TakeLog is part of a 35-year-old group, comprised of companies related to the Foreign Trade segment. Together we offer a complete logistics solution including International Transportation, Customs Clearance, Insurance, Local Road Transportation and Currency Exchange Brokerage.

The whole group accounts for a total of approximately 130 people. TakeLog itself has 45 employees, fully structured to serve import and export companies, both in customs clearance and freight forwarding, while also providing consulting services in the RADAR system from the IRS, Drawback and Import Duty Reductions.

The Freight Forwarding Department was put together more than 20 years ago, and, to this day, still operates with some of its initial partners.

We are under the final procedures to become AEO certified as well as obtaining an ISO 9001:2015 certification, both expected for this first semester.

We have invested heavily in IT with the development of our own solutions aimed at creating differentials to better serve our customers, such as Information Platforms and BI Solutions.

Our entire infrastructure is available and ready to meet your demands in our region.

Best Regards,

Fernando Alves
