## Message from HCL

Dear Members,

Season's Greetings!

While we were busy over the past year tackling logistics challenges, geopolitical surprises, wars, and sanctions across different parts of the globe, CMA CGM did something exceptional—something truly praiseworthy that will have a long-term positive impact on the shipping industry.

### **Women Empowerment – CMA CGM's 'She Sails' Program**

Under its *She Sails* program, CMA CGM has doubled the number of female seafarers from 200 in 2024 to 403 by the end of 2025. The company has further committed to increasing this number to 1,000 by 2030.

As part of this initiative, a network of 43 ambassadors across 19 countries has created new partnerships with maritime academies. Three agreements have already been signed—one in Abu Dhabi and two in India. In addition, efforts are underway in the Philippines and Indonesia to strengthen the recruitment of cadets.

"In just one year, our program has proven its effectiveness: the results exceed our expectations. More women are accessing key positions, their career paths are accelerating, their confidence is growing, and our teams are gaining in both diversity and performance," said Christine Cabau Woehrel, EVP of Operations and Assets, CMA CGM.

### **A New Shipping Line Is Born in India**

Bharat Container Line, a new Indian shipping line, has just been launched. It is a joint venture among the Shipping Corporation of India Ltd. (SCI), Container Corporation of India Ltd. (CONCOR), Jawaharlal Nehru Port Authority, and a few other state-owned corporations.

This initiative is expected to help India save up to USD 75 billion annually in freight costs currently paid to foreign-owned shipping lines.

### **India–EU FTA: The Mother of All FTAs**

The India–EU Free Trade Agreement covers nearly one-third of humanity and about 25% of global GDP. The agreement will cover almost 97% of EU exports to India and nearly 99% of Indian exports to the EU.

An important by-product of this agreement is the easing of visa norms on both sides, facilitating smoother movement of business travellers and tourists between India and the EU.

### **Annual Global Meeting – Manila**

The dates have been announced, the venue finalized, and the registration process is underway. We have already received registrations from over 30 participants and expect another 30+ registrations in February.

This will be a wonderful opportunity for all of us to meet, especially the new members who have joined the network over the past year.

Looking forward to exciting times ahead.

Warm regards,

**Subrata Mukhopadhyay**

HCL Logistics Network

**HCL AGM 2026—Manila, Philippines**

**HCL AGM 2026**  
**MANILA, PHILIPPINES**

## HCL AGM 2026—Manila, Philippines

We are pleased to invite you to the **HCL Annual Global Meeting (AGM) 2026**, scheduled to be held from **4th May (Monday) to 7th May (Thursday), 2026** at **Hotel Fairmont Makati, Manila, Philippines**. We kindly request you to block these dates in your diary.

The meeting agenda will include:

- One-on-one business meetings
- Introduction of new members
- Presentations by interested members
- Social networking sessions
- Award ceremony

These activities are designed to help participants build long-lasting relationships, expand contacts, and form valuable partnerships.

We request you to complete your registration at the earliest. Kindly submit a **separate registration form for each participant** from your organization.

**Please note:** Submission of the registration form will be treated as **confirmation and acceptance of participation** in the AGM. We request you to carefully review all additional details mentioned in the registration form.

We sincerely solicit your active participation to make this annual event more meaningful and to generate greater business opportunities for all network members.

We look forward to receiving your response so that we may proceed with the necessary arrangements in a timely manner.

### **Hotel Details:**

#### **Fairmont Makati**

1, Raffles Drive, Makati Avenue  
Makati City, 1224 Metro Manila  
Philippines

We look forward to welcoming you to Manila.

## Business Update — Atrax Logistics

### **Atrax Logistics: Grounded in Africa, Trusted by the World**

Atrax Logistics continues to strengthen its position as a leading African logistics specialist, delivering integrated freight and project solutions across some of the continent's most complex and demanding environments.

At the core of our operations is the Atrax Africa Control Centre, based in Johannesburg. This centralised hub coordinates logistics activity across all 55 African countries and surrounding islands, providing customers and global partners with a single point of control for multi-country movements. From planning and execution to visibility and risk management, the Control Centre ensures consistency, accountability, and seamless coordination – even in highly fragmented or remote regions.

A key pillar of Atrax's offering is our Mining & Project Cargo expertise. We provide end-to-end logistics solutions tailored to the mining, energy, and infrastructure sectors, including abnormal loads, project cargo, and fully integrated road, sea, and air freight services. Our teams manage the full lifecycle of complex shipments, from route surveys and regulatory compliance to final delivery at site.

Recently, Atrax successfully executed a heavyweight abnormal cargo movement requiring precision lifting, specialised handling equipment, and tightly controlled on-site coordination. The project involved detailed pre-planning, comprehensive risk assessments, and close collaboration between multiple stakeholders. This operation highlights our ability to manage technically demanding cargo safely, efficiently, and on schedule, even under challenging operational conditions.

What differentiates Atrax is our combination of deep African market knowledge and global logistics standards. With strong regional partnerships and an experienced international team, we act as a reliable extension of our partners' networks – bridging the gap between local execution and international expectations.

As we move into 2026, Atrax Logistics remains focused on delivering reliable African coverage and solutions-driven logistics. We value our partnerships within the HCL network and look forward to continued collaboration and shared success in the year ahead.

Business Update — Atrax Logistics

**LOGISTICS SOLUTIONS**

**ROAD FREIGHT**

Atrax offers road services throughout South Africa. We'll make sure it gets delivered on time.

## Business Update — Atrax Logistics

### SERVICING ALL 55 AFRICAN COUNTRIES AND SURROUNDING ISLANDS

At Atrax Logistics, we take pride in revolutionising logistics solutions across Africa.

Our central hub, located in Johannesburg, South Africa, serves as the heart of our operations, supported by a vast network of global partners. This expansive connectivity allows us to efficiently manage logistics to over 220 hubs worldwide, ensuring that our clients receive unparalleled service and support in their supply chain needs.

YOUR TRUSTED CENTRAL POINT FOR LOGISTICS ACROSS AFRICA

Business Update — Windlog

Find more about Intermodal

The event will take place from April 14 to 16, 2026, from 1:00 p.m. to 9:00 p.m., at the Anhembi District in São Paulo, Brazil.

As the most visited logistics event in South America and a reference in showcasing innovations, technologies, products, and services, Intermodal South America brings together the logistics, intralogistics, technology, cargo transportation, and foreign trade sectors. The event attracts key decision-makers, business leaders, trendsetters, public policy managers, and buyers in a single, strategic environment.

With a highly qualified audience, Intermodal is the essential meeting point for businesspeople, professionals, executives, students, and researchers in the logistics sector who are seeking solutions, knowledge, and relationships with national and international companies of all sizes.

Over three days, the event brings together professionals from more than 90 countries, fostering interaction and business in an environment rich in innovation, technology, a wide range of products and services, and end-to-end solutions across the entire logistics chain.

It is an unmissable event for anyone looking to stay up to date with the latest trends, establish commercial contacts and partnerships, discuss key issues for the sustainable development of the sector, and, of course, take part in exclusive attractions.

We have participated in the event for 21 years, and this year's edition will bring exciting new features for visitors.

*Come to visit us*

**14 - 16 APRIL** 13 - 21h  
Distrito Anhembi | São Paulo | BR

## Change Management for Hyperion ARCS Netting

### Overview of the To Be Process

CNC will share required **SOA format** in which Netting participants will have to share their data (O/s AR+AP at invoice level). On receipt of the SOA from Netting participants, CNC will then upload these SOA a shared file folder where, **EPM** will automatically process the file & then Records will match with counter party books. **CNC will share required SOA format in which Netting participants will have to share their data (O/s AR+AP at invoice level). On receipt of the SOA from Netting participants, CNC will then upload these SOA a shared file folder where, EPM will automatically process the file & then Records will match with counter party books.**

Data would be processed as and when data file (SOA template) would be placed in the shared folder for initial upload and changes. Post processing, matching report will be shared

We are currently planning to have 4 pre reporting and 1 final reporting to be executed during One ARCS Hyperion Netting cycle. The number of pre-cycles can be increased or decreased by CNC as and when required.

Basis matching done in **EPM** system, Netting Participants will receive **MATCHED**, **SUGGESTED MATCH** and **UNMATCHED** report at invoice level during all the netting cycles (Pre & Final run)

Basis Pre Reports shared by CNC, Netting Participant can perform their Follow-up with counter parties on their **SUGGESTED MATCH** and **UNMATCHED** transactions, They can add approved AP invoices in **SOA template** & follow-up with counter parties for their unapproved AR invoices as mentioned in unmatched report. For Next Pre-run or Final Run, Netting participants will have to share their Revised **SOA template** CNC and the same will be uploaded in Replace Mode for the participant's complete data. If CNC doesn't receive **Revised** version of your SOA then last received version in that month Netting will be considered for matching.

On Final day of the run, Final Matched Transactions and Final Netting Settlement report will be shared by CNC via e-mail.

Netting Participants will book manual netting vouchers in their ERP as being done earlier, based on the Final Netting Settlement report shared by CNC. Settlement should be done "To / By" CNC as per amount mentioned in Settlement Report & Dates mentioned in Netting Calendar.

## Change Management for Hyperion ARCS Netting

### HYPERION BENEFITS

- Automated & Transparent Invoice approval process
- Dispute resolution at invoice level
- Proper Audit trail at invoice level for Balance confirmation
- Auto matching/ confirmation & auto Netting Journal booking
- No more holding back of approved invoices

### FAQ's

**Q1.** How would I know if I made a mistake in the manual Excel upload template?

**Ans:** In Manual Excel SOA Template we have given Instructions on “How to fill Excel SOA” Users can read those Instructions carefully before updating SOA. Also we have develop a macro within SOA template which can validate SOA for all possible human errors and provide error log to users which enable them to correct their mistakes.

**Q2.** Do I need to control use of any special characters in the manual Excel upload template?

**Ans:** Yes, You can not use special characters like comma (,) & semi colon (;) anywhere in excel SOA template. Also you should not keep any single cell blank if you have use any invoice line. If there is no information to provide then you can use “NA”

**Q3.** What if the payable is not booked at all or payable is booked wrongly?

**Ans:** If any payable invoice is Approved but you have not mentioned in your initial SOA then you can add that invoice in your Revised SOA & share that with CNC in order to match that invoice in next Pre/Final Run. If you have booked any

Receivable or Payable invoice incorrectly then you need to correct that in your ERP system as well as in Revised SOA & share correct data with CNC in order to match those invoices in next Pre/Final Run

**Q4.** Will “Data Confidentiality” will be maintained during this Netting process?

**Ans:** Yes, 100% This Hyperion Netting Activity will be carried out by 3rd party vendor & Your Receivable & Payable data will not be shared within Network. In Pre & Final Reporting as well you will receive only those transactions data which is either in your books & in your counterparty books (which related to your office only) Hence Pls. be 100% assure about “Data Confidentiality”
